AFTER-HOURS ASK

It’s late. You need something by tomorrow.

Your message sets the pressure level before they even reply.

Late message

SOUNDS LIKE THIS	NOT THIS
“I need this tomorrow, so I’m sending it now.”	“No rush, but can you get this to me first thing?”
“Please reply tonight if you can.”	“Please don’t feel like you need to reply tonight.”
“If not, send it by noon tomorrow.”	“Sorry to bug you.”

If it's urgent, say it plainly and own the ask.

Mixed messages make people guess.
