STOP SAYING

~~“We can’t approve vacation next week.”~~

Steady

SWIPE →

It hides the decision.

They don’t know who decided, and it can sound slippery.

SAY THIS

"I've decided not to approve vacation next week."

Steady

SWIPE →

Own the hard call.

Clear is kinder than hiding behind “we.”

Say it out loud before you say it for real.

Steady lets you practice the hard conversation first.
