STOP SAYING

~~“You need to be more proactive.”~~

They can’t act on a word.

Proactive how? When? They leave the room and change nothing.

SAY THIS

"When the client went quiet, I needed you to call them by Wednesday."

Steady

SWIPE →

Name the moment, not the trait.

One real example is worth more than any adjective.

Say it out loud before you say it for real.

Steady lets you practice the hard conversation first.
